

Dear Contractor:

Skamania County Department of Public Works encourages you to enroll on our Small Works Roster. The purpose of the Small Works Roster is to form a pool of contractors for various small construction projects. Skamania County uses the Roster to invite contractors to bid on small public work projects up to \$200,000. Public Works projects include all work, construction, alteration, repair, or improvement other than ordinary maintenance.

When the need for a small public work project occurs, Skamania County selects qualified bidders selected from the small works roster to bid, with the lowest reasonable and responsible bidder selected.

In general the projects will require that:

- Prevailing Wages be paid and documented in compliance with RCW 39.12.
- Performance Bond (may not be required for contracts less than \$35,000)
- The contractor holds a Washington State Contractor's License
- Contractor must deliver a certificate of insurance for \$1,000,000 naming the County as an additional insured before beginning work.

Contractors wishing to bid on the Small Works Projects must submit a completed Small Works Enrollment Application (attached) and a copy of liability insurance. In addition, upon request by Skamania County submittal of all applicable license certifications, registrations, and bonding may also be required. Accepted applications will remain on the Small Works Roster for one year.

If you have any questions, please contact Laura Newman at 509-427-3910 or email [newman@co.skamania.wa.us](mailto:newman@co.skamania.wa.us).
