RE:

Proposed Community Development Fee Schedule Amendments

Technology Surcharge Fee

The Community Development Department is looking for a new cloud-based online permitting system to manage building and planning permitting, licensing, and code enforcement and to replace the existing SmartGov system. A new system would allow for increased online permit submittals, an improved customer experience, better collaboration internally and externally, and increased productivity. Based on initial estimates from vendors, a new system would cost anywhere from \$15,000 to \$40,000 more annually than the department is currently paying for its annual SmartGov subscription.

In order to cover the higher costs of a new permitting system and to help implement technology necessary to more efficiently administer development and permit reviews, the department is proposing to establish a 5% technology surcharge fee to be added to all Community Development permitting fees. The fee would apply to the one-time fees charged for building permits, land use permits, and water and septic permits. It would not apply to annual licensing fees.

Based on revenue projections for 2023, a 5% technology surcharge would provide approximately \$21,400 in revenue for the department. The table below shows the projected revenue scenarios for a percentage-based fee of 1%-5%.

Permit Type	Projected Fee Revenue	1% Tech Fee	2% Tech Fee	3% Tech Fee	4% Tech Fee	5% Tech Fee
Building	\$323,000	\$3,230	\$6,460	\$9,690	\$12,920	\$16,150
Planning	\$66,025	\$660	\$1320	\$1,980	\$2,641	\$3,301
Environmental Health	\$38,990	\$390	\$780	\$1,170	\$1,560	\$1,950
Total	\$428,015	\$4,280	\$8,560	\$12,840	\$17,120	\$21,400

Short-term Vacation Rental License Fees

The Board of County Commissioners approved a preliminary fee schedule for annual short-term vacation rental licenses on September 27, 2022, but requested that the fees be revisited by staff. All communications to operators and on the county's website have indicated that fees may increase after January 2023. The current fees are shown in the chart below.

Tier 1	Owner or operator is <u>present on-site</u> during the course of the rental.	\$200
Tier 2	Owner or operator is not present on-site during the course of the	\$300
	rental.	-
Tier 3	Any STVR with an allowable occupancy of 15 or more persons, or	\$500
	three or more unique rentals on an individual property, whether or	
	not the owner or operator is present on-site during the course of	
	the rental.	

Since the county launched its licensing system on November 1st, 18 short-term vacation rentals have been licensed. About 2/3 of the licenses have been issued for Tier 2 rentals and 1/3 have been issued for Tier 1 rentals. Almost all licensees have applied and paid for their licenses online. The county has not received any feedback or complaints regarding the current fee schedule.

The chart below shows some options for a revised fee schedule with increased annual license fees.

Tier	Current Fee	25% Increase	50% Increase	Stepped Increases
Tier 1	\$200	\$250	\$300	\$250 (+\$50)
Tier 2	\$300	\$375	\$450	\$400 (+\$100)
Tier 3	\$500	\$625	\$750	\$650 (+\$150)

If the Board directs, staff will prepare a revised fee schedule for the Board's approval by resolution. The Board will also need to decide when the revised fees should go into effect.

Dear Local Authority:

RE: Liquor License Renewal Applications in Your Jurisdiction - Your Objection Opportunity

Enclosed please find a list of liquor-licensed premises in your jurisdiction whose liquor licenses will expire in about 90 days. This is your opportunity to object to these license renewal requests as authorized by RCW 66.24.010 (8).

1) Objection to License Renewal

To object to a liquor license renewal: fax or mail a letter to the Washington State Liquor and Cannabis Board (WS-LCB) Licensing Division. This letter must:

- o Detail the reason(s) for your objection, including a statement of all the facts upon which your objection or objections are based. You may include attachments and supporting documents which contain or confirm the facts upon which your objections are based.
- o Please note that whether a hearing will be granted or not is within the Board's discretion per RCW 66.24.010 (8)(d).

Your letter or fax of objection <u>must be received by the Board's Licensing Division at least 30 days prior to the license</u> expiration date. If you need additional time you <u>must request that in writing</u>. Please be aware, however, that it is within the Board's discretion to grant or deny any requests for extension of time to submit objections. Your request for extension will be granted or denied in writing. If objections are not timely received, they will not be considered as part of the renewal process.

A copy of your objection and any attachments and supporting materials will be made available to the licensee, therefore, it is the Local Authority's responsibility to redact any confidential or non-disclosable information (see RCW 42.56) prior to submission to the WSLCB.

2) Status of License While Objection Pending

During the time an objection to a renewal is pending, the permanent liquor license is placed on hold. However, temporary licenses are regularly issued to the licensee until a final decision is made by the Board.

3) Procedure Following Licensing Division Receipt of Objection

After we receive your objection, our licensing staff will prepare a report for review by the Licensing Director. The report will include your letter of objection, as well as any attachments and supporting documents you send. The Licensing Director will then decide to renew the liquor license, or to proceed with non-renewal.

4) Procedure if Board Does Not Renew License

If the Board decides not to renew a license, we will notify the licensee in writing, stating the reason for this decision. The licensee also has the right to request a hearing to contest non-renewal of their liquor license. RCW 66.24.010 (8)(d). If the licensee makes a timely request for a hearing, we will notify you.

The Board's Licensing Division will be required to present evidence at the hearing before an administrative law judge to support the non-renewal recommendation. You may present evidence in support of your objection or objections. The administrative law judge will consider all of the evidence and issue an initial order for the Board's review. The Board members have final authority to renew the liquor license and will enter a final order announcing their decision.

5) Procedure if Board Renews License Over Your Objection

If the Board decides to renew the license over your objection, you will be notified in writing. At that time, you may be given an opportunity to request a hearing. An opportunity for a hearing is offered at the Board's discretion. If a hearing is held, you will be responsible for presenting evidence before an Administrative Law Judge in support of your objection to license renewal. The Board's Licensing Division will present evidence in support of license renewal. The Licensee may also participate and present evidence if the licensee desires. The administrative law judge will consider all of the evidence, and issue an initial order for the Board's review. The Board members have final authority to renew the liquor license and will enter a final order announcing their decision.

For questions about this process, contact the WSLCB Licensing Division at (360) 664-1600 or email us at wslcb@liq.wa.gov.

Rebecca Smith

Sept 30, 2022

To the Clark County Commissioners,

This letter is to establish my desire to apply for the at-large position on the Board of Trustees for Fort Vancouver Regional Library District. As a resident of North Clark County as well as having work experience with FVRL, I am an excellent candidate for this position. I realize it would be a conflict of interest to be an employee of FVRL and a board member concurrently, and am willing to take a leave of absence from my position in the substitute pool to serve on the board. Having worked at several branches in the district I can bring valuable insights and hands on knowledge to the board to help set direction, monitor and review library performance, oversee library policy, and provide and maintain quality public services for the citizens of our district as set forth in RCW 27.12.

FVRL is the 5th largest district in Washington with 15 locations. Our district offers many digital options for reading and research materials. In an effort to provide internet access for our patrons, wifi is available at each branch, as well as scanning, faxing capabilities and 3D printing. Maintaining this technical equipment requires that we employee an IT staff that is versed in the ever changing digital world. This staff oversees not only equipment at each branch, but the devises that are now available to check out. Network Hot Spots, for example, are an extremely popular item, holds for these number in the 50s and 60s, and frequently require attention and service upon returning to the branch. Because of the heavy usage, some need more maintenance before returning to circulation. Are these devices a priority in our budget, despite their need for special handling and attention, or is there a better solution to provide our patrons with internet accessibility?

Another example of budget choices are print format periodicals. Many are available on a digital platform, we feature access to a huge data base including newspapers and magazines on our website. Should branches continue to offer print magazines as we do at each branch? Does the time spent processing each issue and employee hours spent maintaining them justify the cost of print subscriptions?

On a bigger financial scale, the Woodland Library building project is currently underfunded, despite the tireless work of their Friends group as well as efforts of Librarian Jennifer Hauan, by 1.5 million. The structural plans have been scaled back to 7,5000 square feet to reduce funds needed. As a junior taxing district, FVRL is not first in line for levy funding distribution from property taxes, and an unexpected shortage due to economic downturn could impact our ability to go forward with this project. Trustees would need to balance Cowlitz County patron needs, realizing they have been waiting years for a new building with maintaining a finically wise and prudent budget within available funds.

FVRL offers our patrons much needed resources that they have come to depend on. I hope you will give me a chance to be a part of the Board of Trustees and an opportunity to serve our communities. Thank you for considering me.

Sincerely,

AGENDA DATE

Nov. 22, 2022

SUBJECT

Payroll increase for Princess Wood

ACTION REQUESTED

Payroll increase for Princess Wood to 26C, starting

10/01/2022

SUMMARY/BACKGROUND

In preparing the District Court office for Donna's retirement, Princess has been training to take over the duties of the court administrator. She has been the administrative assistant/lead clerk for the past 5 years. Over the past 6 months, Princess had been training a clerk to take over her lead clerk position and taken on more of the court administrator's duties. Currently we have one clerk who has been trained with some of the basic tasks and 2 new clerks at the beginning of their training. Princess has been doing work of a court administrator and should be compensated for her hard work and dedication to the District Court office.

Due to her exceptional knowledge and qualifications, we are asking the Board to allow the change of Princess's pay range to a 26C, back dating this change to at least October 1, 2022, instead of waiting until January 1, 2023.

FISCAL IMPACT

There is money in our 2022 budget to cover the payroll change. The fiscal impact with this payroll change will increase our payroll by \$2,840.00 (October 1, 2022 – December 15, 2022).

RECOMMENDATION

That the Board approve this change and allow District Court to move forward with the promotion and payroll change for Princess Wood. Effective October 1, 2022.

LIST ATTACHMENTS

Job description SALARY Chart

HR COMMENTS

The District Court Judge is asking for approval of two items an exceptional qualification to a 26 step C.

Princess is currently a Range 19 step E or (5) at \$4,644 per month. She has been in this position since her hire in August 2017. The current Court Administrator of District Court is retiring 12/31/2022. The position has been advertised in department and Princess Wood applied and was offered the position to replace Donna Wood.

The personnel policy under chapter 6.4 states All employees will be appointed at the minimum step of the range for that position unless an exceptional qualification rate is approved. It states that with budget authority, Elected Officials and Department Heads may hire a person up to Step 3 within the assigned range, provided that two (2) or more of the following criteria are met and approved by Human Resources:

- A. The difficulty level of the recruitment is high; there is a limited source of applicants that meet the requirements of the position,
- B. The applicant was making more money at the previous employment they left to accept the offer of employment with Skamania County; and
- C. The applicant demonstrates exceptional qualifications; the person is in possession of knowledge, skills, and abilities pertaining to the position's job description, which are necessary to the position and have been acquired through substantial specialized training or experience.

When approving appointments above Step 1, Human Resources and the Board of Commissioners will use the guide below when the conditions above have been met.

- Step 2 At least two (2) years' experience or education beyond the minimum requirements of the job description.
- Step 3 At least three (3) years' experience or education beyond the minimum requirements of the job description

Minimum Requirements to the job duties:

Associates degree or equivalent post-high school education and five years of progressively responsible experience in the legal field and court room processes including one (1) year, administrative experience and minimum of two years supervisory experience, or an equivalent combination of education and experience which provides the knowledge, skills, and abilities to perform the essential functions of the position. Requires a thorough understanding and knowledge of the legal process, legal terminology, and rules and statues as they apply to court functions,

Employees who are promoted, will receive an increase in salary which is equivalent to a step in the new range that provides an increase to the present salary or the minimum step of the new range whichever is greater.

Associates degree is supplemented for 2-years experience and with additional 5 years employee must have 7 years of equivalent combination of education and experience which provides the necessary knowledge, skills, and abilities to perform the essential functions of the job.

Princess would have 5 years working in the District Court office having knowledge of most of the necessary duties required in the office but has only been working with Donna on learning her duties for the past six (6) months. Human Resource would not recommend an exceptional Qualification request on this unless they can show employee has 7 years of experience.

At the end of 6 months of probation for the promoted position the employee will go up 1 step if they pass probation.

The District Court Judge is also requesting that the employee be placed in the promoted Range 26 effective 10/1/2022 since she is actually learning and accomplishing the necessary knowledge and duties of the position.

Personnel policy Chapter 2 definition of working out of class - An employee who assumes the full duties and responsibilities of a position in a higher class for a period of two (2) consecutive weeks or more.

Human Resources has no opposition to this employee being placed at the Range 26 effective 10/1/2022 while they are assuming and learning the duties of the position, they will take over January 1, 2023, providing the Board gives them this Budget authority. This would be no different than hiring an employee 1-3 months early for training purposes and they would be paid the range of the person that they are replacing. This is not a regular occurrence on promotions and is not addressed in the Personnel Policy except for working out of class definition. The Board will have to decide if they want to make an exception.

This will also make the 2023 budget higher by 3 months if the employee passes probation, they will receive their step increase at 3 months into 2023 instead of 6 months into 2023. District Court has stated this will not require a supplemental to their budget.

MEMORANDUM

TO: Board of County Commissioners

FROM: Planning Staff

DATE: November 16, 2022

RE: Proposed Community Development Fee Schedule Amendments

Technology Surcharge Fee

The Community Development Department is looking for a new cloud-based online permitting system to manage building and planning permitting, licensing, and code enforcement and to replace the existing SmartGov system. A new system would allow for increased online permit submittals, an improved customer experience, better collaboration internally and externally, and increased productivity. Based on initial estimates from vendors, a new system would cost anywhere from \$15,000 to \$40,000 more annually than the department is currently paying for its annual SmartGov subscription.

In order to cover the higher costs of a new permitting system and to help implement technology necessary to more efficiently administer development and permit reviews, the department is proposing to establish a 5% technology surcharge fee to be added to all Community Development permitting fees. The fee would apply to the one-time fees charged for building permits, land use permits, and water and septic permits. It would not apply to annual licensing fees.

Based on revenue projections for 2023, a 5% technology surcharge would provide approximately \$21,400 in revenue for the department. The table below shows the projected revenue scenarios for a percentage-based fee of 1%-5%.

Permit Type	Projected	1%	2%	3%	4%	5%
	Fee	Tech Fee	Tech Fee	Tech Fee	Tech Fee	Tech Fee
	Revenue					
Building	\$323,000	\$3,230	\$6,460	\$9,690	\$12,920	\$16,150
Planning	\$66,025	\$660	\$1320	\$1,980	\$2,641	\$3,301
Environmental Health	\$38,990	\$390	\$780	\$1,170	\$1,560	\$1,950
Total	\$428,015	\$4,280	\$8,560	\$12,840	\$17,120	\$21,400

Short-term Vacation Rental License Fees

The Board of County Commissioners approved a preliminary fee schedule for annual short-term vacation rental licenses on September 27, 2022, but requested that the fees be revisited by staff. All communications to operators and on the county's website have indicated that fees may increase after January 2023. The current fees are shown in the chart below.

Tier 1	Owner or operator is <u>present on-site</u> during the course of the rental.	\$200
Tier 2	Owner or operator is <u>not present on-site</u> during the course of the	\$300
	rental.	
Tier 3	Any STVR with an allowable occupancy of 15 or more persons, or three or more unique rentals on an individual property, whether or not the owner or operator is present on-site during the course of the rental.	\$500

Since the county launched its licensing system on November 1st, 18 short-term vacation rentals have been licensed. About 2/3 of the licenses have been issued for Tier 2 rentals and 1/3 have been issued for Tier 1 rentals. Almost all licensees have applied and paid for their licenses online. The county has not received any feedback or complaints regarding the current fee schedule.

The chart below shows some options for a revised fee schedule with increased annual license fees.

Tier	Current Fee	25% Increase	50% Increase	Stepped
				Increases
Tier 1	\$200	\$250	\$300	\$250 (+\$50)
Tier 2	\$300	\$375	\$450	\$400 (+\$100)
Tier 3	\$500	\$625	\$750	\$650 (+\$150)

If the Board directs, staff will prepare a revised fee schedule for the Board's approval by resolution. The Board will also need to decide when the revised fees should go into effect.
